## Who We Are?

OrthoDesigners, PLLC is an orthodontic consulting company for dental professionals including both general dentists and dental specialists. We offer personalized orthodontic coaching, lectures, workshops, case review consultations, and more! We also operate as a full-service orthodontic clinic, accepting referrals to treat patients with orthodontic needs.

## Our Mission

We strive to offer high quality, orthodontist and specialist-driven continuing education and consulting services to all dental professionals. Our goal is to improve the access to orthodontic healthcare services in the United States by providing all dental professionals with the educational tools and skills to incorporate orthodontics into their practices and therefore fill the serious gap in access to orthodontic care.

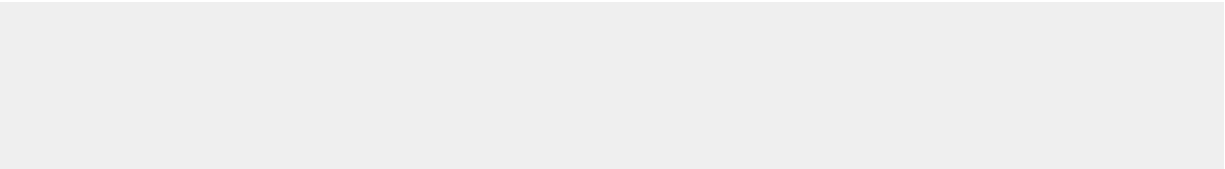

## What Services Do We Offer?

From remote case-review consultations to personalized one-on-one coaching in your own practice, OrthoDesigners offers an array of different orthodontic educational and consulting services. Our OrthoDesigners experts and coaches are all board-eligible or board-certified orthodontists with a proven track record of excellence in teaching.

## Why Learn Orthodontics?

Providing orthodontic services in your dental practice will not only diversify your portfolio and expand the range of services you provide for your patient population, but it will also boost your practice revenues. Studies have shown that adding orthodontic services can potentially generate over \$1 million a year of additional revenue for your practice.
